

Registering a Participating Team Member Under The Age of 18 For a MATE Competition

This tutorial will walk the parent or guardian through the registration process for a student under the age of 18 for a MATE ROV Regional Competition. This tutorial assumes that you've received a registration invitation from your Team Mentor or Instructor. If you haven't received this invitation, please contact your team's mentor and request one.

The first link in your registration invitation is to register for the Active Network. Below the line in that email that reads: "If you haven't registered yet, you can register and join the team here:" click on the link, you will be taken to the page below where you will be asked provide an email address so Active can either find your account, or start you on your way to creating an account:

The screenshot shows a web browser window with two tabs for "2017 MATE International". The address bar shows a secure URL from "endurancecui.active.com". The main content area features a circular image of a man in a blue shirt and khaki pants, with text to the right: "MARINE ADVANCED TECHNOLOGY EDUCATION CENTER", "JUNE 23-25, 2017: INTERNATIONAL ROV COMPETITION LONG BEACH, CALIFORNIA", and a list of activities: "UNDERWATER ROBOTICS COMPETITIONS", "FACULTY DEVELOPMENT", "WORKFORCE RESEARCH", "EDUCATIONAL KITS", and "INTERNSHIPS". Below this is the website "WWW.MARINETECH.ORG" and a language dropdown set to "English (United States)". A progress bar shows "SELECT CATEGORY", "COMPLETE FORM" (highlighted), and "CHECKOUT". The "Registration" section includes the event name "2017 MATE International ROV Competition - TEAMS - EXPLORER - Students - Join A Team", a timer icon with the text "Your spot will be held for 15 minutes.", and a prompt "To complete registration faster, let's check if you have an account." Below this is an email input field with a "Next" button, followed by "-----OR-----" and a "Log in with Facebook" button.

If your email address is found, you'll be asked for your password. If you do NOT have an Active.com account, you will be prompted to create one. The next screen you see will ask you to provide an email address so Active can either find your account, or start you on your way to creating an account.

Once you are logged in, you will be asked to choose between registering yourself, registering someone over the age of 18, and registering someone under the age of 18. Select "Register someone else below 18" (you should be that person's parent or legal guardian – Mentor's should only register team members under the age of 18 if they have the signed waiver packet, including proxy registration, from their Regional Coordinator). You will have to specify that you are the legal parent or guardian of the student in question:
